EXTRAS	Shock pump

FRAME DESIGN

Who says you need to choose different bikes for XC racing and trail riding? Anthem X is for competitive riders who want to go fast and also want to have fun. The lightweight ALUXX SL frameset is engineered with FluidForm tubing and geometry that has been perfected over years of development by Giant riders and engineers. Its Maestro Suspension, tapered OverDrive 2* headtube and PowerCore bottom bracket give it a smooth, quick-handling trail feel so you can make every ride a little faster, and a lot more fun.

MAESTRO SUSPENSION ALUXX Aluminum Technology
