FRAME DESIGN

The material, engineering and smooth lines of the Advanced-grade frameset make it incredibly responsive and efficient for climbing and sprinting, but not at the cost of comfort. Created with Liv/giant's 3F design philosophy, it features women's-specific geometry and the all-new OverDrive 2 headtube, which is oversize for better handling and slightly taller for optimal endurance positioning. An integrated RideSense ANT+ sensor for wireless data transmission completes the package.

KEY UPGRADES (OVER AVAIL ADVANCED 2):

- SRAM Force componentry
- Lighter-weight aluminum Giant Contact stem with titanium hardware
- Giant P-SL0 WheelSystem
- Sizes: XS, S, M
- Color: White/Black/Silver

U.S. Average Retail Price: $3,700
