FRAME DESIGN

Frame Technology

It's the minimalist ethos of a bygone era-with twists. Take the speed and simplicity of a timeless track racer, add modern updates like a lightweight responsive ALUXX aluminum frame and the option to go fixie or freewheel Available in four flavors-from mild to wild-to fit your personality.

KEY UPGRADES

Features

- Not your everyday city slicker.
Mix uptown style with downtown street smarts.
- Alloy straight bars
 - LASCO Track crankset, 48T
 - High-flange, track-style hubs with alloy rims
