

# ROAM 1 W-2011

SEE THAT MYSTERIOUS DOTTED ROUTE ON THE MAP? THE ONE HEADING INTO THE UNKNOWN? THAT'S WHERE ROAM WANTS TO GO.

## SPECIFICATIONS

no specs available yet.

## FRAME DESIGN

Designed around a lightweight, strong and reliable ALUXX aluminum frame and fast-rolling 700c diameter wheels, Roam is eager to go the distance. With a suspension fork that smoothes out rough trails-and can be locked out on smooth roads-plus disc brakes and clearance for large tires, you'll learn to love detours.

## KEY UPGRADES

### Features:

- SRAM X.5 trigger shifting
- Avid BB5 disc brakes
- Giant Sport Alloy rims, disc specific
