FRAME TECHNOLOGY

Giant rider Jeff Lenosky, aka the Godfather of Urban Freeride, chooses STP for the gravity-defying tricks that earned him the rep. With butted ALUXX SL alloy tubing, tight geometry, a low saddle height and taller front end, it's just what Jeff needs to stick every landing.

KEY UPGRADES (OVER STP 1)

- Marzocchi Dirt Jumper 1, 100mm suspension fork
- Truvativ Holzfeller crankset, Howitzer bottom bracket
- Shimano SLX rear trigger, Shimano Deore XT rear derailleur
- Mavic EX325 rim/Giant Tracker (f), Formula (r) hub wheelset

***Standover height is based on the largest size tire that will fit the bike, not necessarily the included size tire
